Born in Texas, he had lived in the Mokena area for about four years, moving from the area of 167th & 104th Ave., Orland Park.

He was a member of the Fernwood Fides Masonic

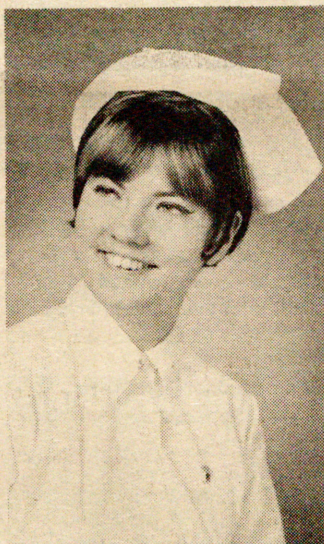

Lodge #842 A.F. & A.M., Chicago. Masonic services were held at the Chapel on Sunday afternoon, March 5, at 3 p.m.

He is survived by his wife, Dorothy Ann, one son James, of Tinley Park; his mother, Mrs. Emily Butler; one step-brother, John Butler, both of Texas; one half-sister, Miss Lorraine Butler and three grandchildren.

Burglar Enters Store At New Lenox

A burglar, who apparently knew his way around, broke into the Dee & Ed Grocery Store, Francis and Cedar rds., New Lenox Township sometime Saturday night or early Sunday morning.

Edward Flack, who is the Ed in the store name, said that an undetermined amount of cash was taken and that it was possible some merchandise was also taken.

A passer-by, enroute to church, at 6:30 Sunday morning noticed that a glass was broken in the store and at New Lenox reported it to a squad from the Night Security of Joliet (merchant police) who in turn called the sheriff's deputies.

Toss In Homer Twp. As Site For International Airport

At meetings held Monday in Joliet, a public one followed later by a press conference, arranged by the Joliet Region Chamber of Commerce, it was brought out that a possible site for a second international airport to serve Chicagoland is in Homer Township, east of Lockport at a point just south of the Cook County line, which there is also a boundary of Orland Township.

It would be along a line parallel with Ill. 7 (159th St.) and between I-55 and the route laid down for I-80. It would be closer to I-55

than to I-80.

It was said that so far this is just a study but if there is a chance that it would get approval at Washington, the plan would be developed further.

The federal government, it was said, would put up 75 per cent of the money but that the state and local government or governments would also be required to contribute a share.

It was indicated that further study of the proposal would include getting an expression of opinion from the public. There are some

persons in favor of the project and there are those opposed, pointing out that the landing pattern of an airport in that location could result in stacking planes above Joliet, Lockport and other communities with attendant noise and possible crashes, as well as disrupting TV reception.

Some declined to get excited either way, saying there wasn't any use in getting excited until Chicago's Mayor Daley definitely stated he didn't want the airport in Cook County.

Swimmers Win Own Invitational Meet

BY JAMES MATTHEWS

It was worthwhile for Coach Allen Gillberg's Sandburg swimmers to extend their season one week so they could host the Sandburg Invitational Swimming Meet last Saturday. The Eagles won with 77 1/2 points, over Lane Tech, 45 1/2; Riverside-Brookfield, 35; Thornton, 34; and Champaign, 16.

Records were smashed by the Eagles. The 200-yd. medley relay team of co-captain Jim McNaughton, Paul Stelter, Tom Johnson, and C. J. Mehling, broke the old invitational record set in 1965 with a new time of 1:47.5. McNaughton also bettered his old meet record of 59.8 in the 100-yd. backstroke with a new time of 58.6.

Terry Brazel set a new record in the 200-yd. individual medley with a time of 2:11.3. He bettered his varsity record and also smashed the meet record of 2:18.7, formerly held by Thornton. A Lane Tech swimmer broke the old breaststroke record of 1:06.9.

Other Sandburg winners included Casey Kaptur, who placed second in the 200-yd. freestyle with a time of 2:02.5. Mehling took third in the 200-yd. individual medley with a time of 2:20.6 and Tom Johnson won the one meter diving competition with a total of 153.55 points. Walter Tempinski placed fourth to add to the Eagle total.

Brazel also placed first in the 400 - yd. freestyle with

a time of 4:14.6. Casey Kaptur captured third in the same event.

Freshman Mark Kaptur came in second in the 100-yd. backstroke with a time of 1:02.5. Stelter placed third in the breaststroke with an improved time of 1:11.

The relay trophy was captured by Eagles Tinkey Lysen, Ralph Loomis, John Heintz, and John Heine, with a time of 3:38.5.

In the 100-yd. butterfly, second place was captured by Tinker Lysen with a time of 59.9. The tightest race was the 100-yd. freestyle. Ralph Loomis placed third with a time of 55.4.

A season summary for the

Eagles swimmers should include these facts: A fourth straight conference championship; sixth place in the 25-team Riverside-Brookfield Invitational; second in the Hinsdale South District; and 12th in the State Tourney. Six varsity school records were set and Terry Brazel qualified for the All America list because of his 53.5 time in the butterfly.

The Eagles dual meet record was 9-9 but they swam against the best teams in the state, Gillberg indicated. He will continue to schedule the strongest teams in order to provide the best competition for Sandburg swimmers.

Anyone For Carrying Mail This Summer?

Postmaster Lester Brown, of New Lenox, is looking for carriers. They would be parttime now but have an opportunity of making the occupation permanent, he said.

The carriers are needed, he said, about June 1, and would work from 7 a.m. to 12 noon, six days a week. College students would be welcome and there is nothing in the postal regulations which would ban women from the job. They would have to

lug a 30 or 40 pound load but any woman who has to do her shopping should be equal to the task, is was said.

Those who would carry mail this summer may apply at the New Lenox post office for an application form. Persons hired must have passed a civil service examination, it was explained. The pay for beginners is \$2.64 an hour and there are fringe benefits, the postmaster said.

Boy Scouts Plan Fund Drive For New Camp

Rainbow Council of the Boy Scouts of America announce the launching of an area wide campaign to raise \$426,000 for a new reservation that can meet the camping needs of Boy Scouts in Will, Kankakee and Grundy counties.

The campaign has been approved by the national headquarters of the Boy Scouts of America, the United Crusade of Will County, the United Fund of Kankakee County and the Community Chest of Grundy County.

In making this announcement Robert E. Leckrone, county president, and Bernard Rodenhizer, Scout

Executive, said: "Our campaign is being launched at this time because of the imperative need for expanded camping facilities for the boys in this area. Camp Rainbow, our present camp, is severely limited in size and facilities with no possibility of expansion.

"In the past five years only 35% of the eligible boys have been able to go to camp because of lack of space. During this period, many troops and hundreds of boys have had to go elsewhere to receive their camping experience."

Residents Seek Police Aid In Rescuing Stray Horse

JAMES PEYTON
Telephone: 532-1516

As I started writing this
weeks story my dogs began
barking and this continued
for some time and became
more intense so upon inves-
tigation and finding nothing
I returned to do some more
writing and Mrs. Peyton took
over investigating the reason
for their enthusiastic bark-
ing. Upon her return I asked
her what was out there and
her answer was Would You
Believe - A Horse? I went
out with a flashlight and
sure enough it was a Horse
and not being able to catch
him I called Mr. Fred New-
ton, Mokena's Chief of Police
to see if he had any calls on
missing horses. He didn't
however he said he would
help locate the horse again

as it might cause an accident
if allowed to roam loose. In
the meantime, Mr. George
Adkins, of 187th st. and route
45 came on the scene and ad-
vised us that the horse be-
longed to him and that he
had just brought it home from
Wauconda, Ill. After ap-
proximately two hours of
looking in the dark for the
horse we abandoned the
search for the night as we
could not get close enough
to catch him and we were
afraid that we would drive
him out of the area. For
the end of this story please
read next week and the re-
sults of our search will be
told.

Apparently this past week
was hospital week for our
friends and neighbors as the

following list of cases will
show:

Mr. Ed Henschel of Pleas-
ant ave. has sufficiently re-
covered from his surgery
to return home however it
will be about six more weeks
before he will be able to re-
turn to work.

David Cummings was in
the hospital for observation
for a week. He is the son
of Mr. and Mrs. Bud Cum-
mings of 183rd St.

Mrs. Edith Neal of Lenore
Lane is getting along as well
as can be expected after
being in an automobile ac-
cident last week on Wolf
Road.

Mrs. Velma Clark, form-
erly of Lenore Lane was in
the hospital for surgery.

Cherie Peyton, daughter
of this reporter has been in
Oak Lawn taking care of her
little cousins while her uncle
Bob (Robert Sevik) was in
the hospital for surgery and
to occupy her time while her
fiance Pvt. Alan Scholten is
in the Army hospital at Fort
Campbell, Kentucky with
pneumonia. This is the third
time for Alan to be in the
hospital in a little over two
months.

The people of Tinley Gar-
dens wish all of you a speedy
recovery and if we can help
in any way while you are
recovering please let us
know.

The Tinley Gardens
Homeowners Assoc. will
have a membership drive
this month and also will col-
lect dues from present mem-
bers for 1967. We would like
to make it 100% however we

know this is an impossibility
but we will appreciate any
or all donations so that we
can have more improve-
ments this summer than we
made last year.

NI-Gas Will Drop Rates Again May 1

Northern Illinois Gas
Company proposes to lower
its rates by \$2 1/2 million
annually, effective May 1,
1967.

The proposed reduction,
which was announced by the
Illinois Commerce Commis-
sion, is a result of the con-
tinuing joint studies being
made by the Commission and
NI - Gas.

The latest reductions
would put the amount of NI-
Gas' voluntary rate reduc-
tions since 1962 -- and de-
creases due to lower rates
from pipeline suppliers --
over the \$30 million - a
-year mark.

William J. Crowley, NI-
Gas executive vice-presi-

dent, said the proposed
reductions would benefit
over 700,000 residential
space heating customers,
and more than 55,000 com-
mercial and industrial
customers.

The utility also will seek
to make a new lower rate
available to primary and
secondary schools. Under
the proposal, annual savings
to over 1,800 eligible schools
throughout NI - Gas' service
territory would be over
\$200,000.

Crowley said the reduc-
tions are possible at this
time because of a greater
volume of business and more
efficient operating methods.

MAKES THE BIGTIME--A dog owned by Mr. and Mrs. Robert Robinson, 192d St. Mokena was the best of her sex in the Dalmatians at the Westminster Kennel Club Show in Madison Square Garden, New York, which is strictly major league of dogdom. Shown here by Mrs. Robinson is Chiricua Apache of Watseka, to use her registered name. Her family name is Sherri. Her handler at the Westminster was Donald Schubert, of Park Forest. There were 36 in Sherri's class in the New York show and she topped them all. MENTAL HORTICULTURE
AND FLORICULTURE

Looking for a good winter gardening project? Try planting a terrarium. It's a miniature garden enclosed in a glass container, often an aquarium with a sheet glass cover. At this time of year it'll be a bright spot of greenery in your home and yet require little care once you get it started.

Terrariums planted at this time of year are made from either tropical or desert plants. They're more permanent than those prepared in spring from woodland plants.

The glass container acts like a miniature greenhouse making it possible to grow plants that would not normally thrive in the low humidity of the home. When you assemble your terrarium, choose plants that require a similar amount of light and moisture.

If you wish to create a desert scene terrarium, the selection of suitable miniature cacti and succulents is easy because they are usually so designated in the greenhouse, florist shop or garden center. For best results with this type of terrarium, leave the top open and water sparingly.

Tropical settings permit a little more variation. They can include flowering plants such as African violets and small leaved begonias. Foliage color and variation is obtained from such plants as the maranta, pilea, variegated dracaenas, wax plant and peperomia.

The soil requirements for both types of terrarium will be met if you add a bottom layer of sand and pebbles. This will prevent the entire soil mass from becoming soggy from an accidental overwatering. Over the drainage layer place an inch or two of potting soil. This can be obtained at florists.

Experienced green thumbs have planned ahead for such projects. In the fall they bring in a few bushels of good loam from the garden and store it in galvanized refuse cans. This is a neat way to store the soil unfrozen in basement or utility room.

For the terrarium itself a clear glass container is best because others will cut down on the light necessary for the growth of the plants. You should also select the size and type container that will best fit into your home decoration plant or it won't be attractive or interesting no matter how well it's prepared.

If the container is in direct sunlight, partially remove the cover.

A terrarium not only provides a good way to keep your gardening hand in practice, but it also adds beauty to the home.

For other gardening tips you can phone on Tuesday or Wednesday for free pre-recorded gardening tips on a 24 hour a day basis.

Civic Association Meet; Hold Election Of Officers

MRS. EDWARD HOVI
Telephone: 479-5740

The Arbury Hills Civic Association held their election meeting at the school on Tuesday evening Feb. 28. The necessary quorum was present, so that the elections could be held.

The slate set up by the nominating committee was presented and the nominations were declared open from the floor.

Up for election were the three officers: President, Vice President, and Secretary-Treasurer. The offices were filled by, Herman Veltman as President; Gordon Brosmore as Vice President; and Joseph Farnham as Secretary-Treasurer.

There were also openings for three members of the Board of Directors which were filled by; David Leonard; Carlin French, and Bob Clendenning. The hold-over directors who will serve their second year are: Dan Rankin, Dan Markowski,

Len Gunty, and Allan Dornself.

At the December meeting, the last meeting held, there was decided that a need for a change in the by-laws was in evidence. The tenure of officers had been from January to January, and the change was to have the officers to be elected in May.

The change was voted upon at the meeting last week, and was approved for change. It was decided that the officers elected at that meeting would hold office until May of 1968.

There will be another membership drive held this coming Sunday, March 12, to cover those residents of the community who were not contacted in the previous membership drive. It is hoped that there will be one hundred percent membership in the organization. The membership dues are three dollars per family.

The Summit Hill Parent-

Teacher Group will hold their March meeting at the school tonight, Thursday, March 9, beginning at 8:00 P.M.

The business meeting will include the appointment of a nominations committee to work up a slate of nominees for election at the April meeting.

Following the business meeting, John Hayden will show film slides of his recent trip to the island of Tahiti.

The Parent - Teacher Group will sponsor the sale of candy in the area beginning tomorrow, Friday, March 10 and will continue for sixty days. The candy will be sold by representatives who will contact each house individually.

The candy is packaged in vacuum sealed metal containers. The price is only \$1.50 per container. The contents are a high quality candy of chocolate covered caramel-pecans. If you are not contacted, or would like to order additional containers after ordering, please contact Mrs. John Jaeger, chairman, at 479-9281.

The Parent - Teacher Group will also sponsor another movie at the school on Saturday, March 11, beginning at 1:00 P.M. and will last approximately two hours. The charge is fifty cents per person, and all pre-school age children are to be accompanied by either a parent or older brother or sister.

The ladies will try the selling of candy to the youngsters during the movie. The candy sales will continue

only so long as there is not too much clean-up entailed, because of it.

The First Nighters held their March meeting of the group at the home of Mrs. Tom Mortensen on Walnut Street on last Thursday evening, March 2.

The winner of the hostesses prize for the evening was Mrs. Edward Hovi. The next meeting of the group will be held at the home of Mrs. Harold Maschmeyer on Rosewood Lane on Thursday evening, April 6, beginning at 8:00 P.M.

Because of the patriotic flavor of the month of February, with birthday celebrations for both Abraham Lincoln and George Washington during the month, the school held an assembly in the all-purpose room to have a musical sing along for the second through eighth grades.

Mrs. Shirley Meyer directed the festivities which included skits and song fests by the classes. The sixth grade was declared the winner of the singing competition. The program was in the patriotic theme in honor of the two great presidents.

The seventh and eighth grades of the school made a recent trip into Chicago, and made a tour of the Art Institute.

The Kindergarten at the school is in the midst of a program of reading readiness and numbers. There have been sets of counting men purchased for the Kindergarten and the First

Grade to aid in their conception of numbers and number counting.

The lightweight basketball team is now in a tie for third place in their league.

Mrs. Ayers recently contributed a large number of lower and middle elementary stage books to the school library, for which the school is grateful.

To enlighten the number of confused parents, the Plan B for the school during the recent snow "flurries" which reached the chin. Plan B means that the school will open at 10:00 A.M. and busses will run, if possible, and kindergarten will run if possible.

The state sets up 185 days of possible school attendance, with five days for emergency purposes; weather, furnace failure, etc., and another four days for teachers workshop. This leaves a minimum of 176 days of actual school attendance which must be completed for accrediting purposes.

At a recent meeting of the school board it was announced that the base pay of the teachers had been raised from the present \$5200.00 to \$5600.00 per year. This brings the teachers salaries closely in line with other schools in the areas.

The Cadette Girl Scout troop are planning a fifteen mile hike along the Scout Trail in Lockport, the Kewataw Trail, on March 18.

They are also checking into plans for a trip to downtown Chicago in the near future.

The Boy Scout Troop spent a week end at the Scout Camp in Morris, with twenty-two out of the twenty-four boys attending.

Three men joined the boys in freezing for two days, Mr. Reeves, Mr. Simo, and Mr. Markowski.

During the campout there were six boys initiated into the troop: Rick Froneck, John Scott, Rick Shultz, Gene Fuller and George Fuller, and Mark Lambert.

The boys also had a swimming outing at Castle Acres pool with seventeen boys in attendance. Fifteen of the seventeen boys took their swimming test as one of their rank requirements.

During March the troop plans on a week end campout at the Kankakee River State Park outside of Kankakee.

Young Jerry Surma entertained the Cub Scouts and their families with his magic act following the recent Cub Scout Blue and Gold Banquet at the school. He showed a wide variety of tricks to the delight of all. Good show, young man!

CSHS Debaters Score Well At Sectional

Carl Sandburg's varsity debate team posted an excellent 5 - 3 record at the Sectional Debate Tournament last Saturday at Homewood - Flossmoor High School. The host school and Rich East tied for the championship with 8-0 marks, while Sandburg's record placed 13th in the 40 team field.

The affirmative team of Lorraine Horn and Nancy Smeja, both sophomores, defeated Bremen, Lockport Central, and Naperville, losing to a strong University of Chicago campus school team. The negative team of sophomore Keary Trent and senior Dave Bartkowski compiled a 2-2 record, beat-

ing Willowbrook and Morthon East but losing to co-champion Rich East and to Wheaton Central.

Assistant debate coach Charles Scholz accompanied the team to the debate meet and acted as timekeeper. Scholz said that the team did a good job, and that they "had really debated excellently, especially since three of the debaters are only sophomores, with limited debate experience, and it was the first time Bartkowski has been able to debate all year."

This winds up the debate season at Sandburg unless the conference tournament, cancelled because of the recent snowstorm, is rescheduled.

Quadrennial Assessment Time Again

This is the quadrennial year for Frankfort and New Lenox townships. This means this is the year when the assessors measure and inspect and re-value real estate. Attorney August Santoro, assessor for Frankfort Township, will have four deputies to assist him this spring.

The quadrennial assessment, it was pointed out, is a big job and provokes controversy. Few property owners are ever happy with the results, it was explained, regardless of whether the valuation is up, down or remains as it was. Even the few who might be satisfied with their own lot, it was pointed out, are made unhappy when they see their neighbors' valuations.

KATHY KLEINZ--Mr. and Mrs. Edward Kleinz of Riverdale are happy to announce the engagement of their daughter, Kathy, to Robert Zitkus, son of Mr. and Mrs. Michael Zitkus, Mokena.

Kathy is a graduate of Thornton High School, Thornton Junior College and Marycrest College in Davenport, Ia. She is a teacher at St. John the Baptist School in Harvey. Robert is a graduate of St. Rita High School, Chicago, and Thornton Junior College. He is employed by Allis Chalmers.

The wedding has been set for August of this year.

Hikes Starting Pay

A new salary schedule, which raises starting pay, has been adopted by the Mokena Grade School board.

The base pay for teachers with a bachelor's degree has been raised from \$5,300 to \$5,700, while that for teachers with master degrees has been advanced from \$5,618 to \$6,042.

The schedule covers 13 years with teachers getting an annual increase, so that at the end of the period a person with a bachelor degree would be getting \$8,436 while the top figure for one with a master's would be \$8,778.

Teachers participate in a major medical-hospitalization insurance program. The district will now pay 75 per cent of an employee's premium.

In other business the board purchased an A.B. Dick duplicating machine

Tankers 12th In State

BY MARK JOHNSON

Swimmers from Carl Sandburg scored among the top dozen teams in the state tournament at Evanston last weekend. The Eagles scored 28 points, good enough for 12th place in the state. Hinsdale Central was first with 167, and Evanston second with 118 1/2.

Last year, the Eagles were 9th out of 32 schools; this year, 40 schools qualified for the state meet.

The two Eagles who made it to the toughest competition in the state were seniors James McNaughton and Terry Brazel. Out of 19 semifinalists, Jim moved into the top six. Jim managed to slide a tenth of a second over his best effort of 57.7 with a 57.8 in the prelims of the 100 yd. backstroke. In the finals, Jim placed sixth and brought home a state medal.

Terry Brazel held the best time in the state in the 100-yd. butterfly with a 53.5 time in district competition. Terry's prelim time at Evanston was 55.1 and his final time was 55.3. Terry's fourth place was hard to swallow as his district time would have put him second. He received a medal for his effort.

Jim Daliege successfully beat out Bruce Keswick of Hinsdale South in the tourney. Daliege's district time would have put him 11th in the state, but he actually finished 15th in the relay with a time of 4:20.6.

Tom Johnson beat Ed Murphy of Thornridge who placed first in the district. Johnson qualified for the state prelims, and out of 32 semi-finalists Tom placed 13th.

Jim McNaughton, Paul Stelter, Terry Brazel, and Tinker Lysen also qualified for the state prelims. They placed 12th out of the 18 relays. Sandburg's time was 1:45.5, slower than their district final of 1:44.7. The Eagles district time would have been eighth best in the state.

The 400-yd. freestyle relay team of Tinker Lysen, Ralph Loomis, John Heintz, and Jim Daliege, placed 12th in the state with a time of 3:33.3. The winning New Trier team was timed at 3:22.

Matmen Tie For 2d

BY JILL GIFFORD

Carl Sandburg wrestlers scored 22 points tying Evanston for second place in the Illinois State tournament at Champaign. Rock Island was the surprise winner with 25 points.

Eagle pointmakers were junior Larry Bernard and seniors Quentin Wolff, Tom, Pierson, and Ray Zadravetz. Zadravetz captured second place in the 180-pound division. Pierson took third at 145 - pounds, and Wolff won a fourth in the 138 -pound class to pile up a total of 22 points, a slim three points behind winning Rock Island. The Sandburg wrestlers shared the second place title with Evanston which also boaster a score of 22 points.

Straight answers and full truths about electric heat

(for the people who plan to
buy or build this year)

Frank answers about electric heat for those of you who are planning to spend 20 thousand dollars, or more, for a new home that you'll probably live in for the next 10 or 20 years. You owe it to yourself to investigate the many advantages of electric heat.

As a background, you should know there are 8 million people in the United States now living in electrically heated homes. Estimates indicate that this year 27% of homes being built will have electric heat. And, by 1970, over half of all new homes will be heated electrically.

Let's look into the why's and wherefore's.

Just how happily can you live with electric heat?

Properly installed, the comfort and convenience of electric heat far surpasses anything you've ever experienced before.

For example: you can step from your shower in the dead of winter and still feel warm. Baby can play on the floor when it's 20 below outside, and not be chilled. You'll even discover yourself cleaning less because electric heat is so dirt-free.

Proper installation assures comfort

Commonwealth Edison will be pleased to consult with your architect or contractor to assure that your electric heating system is designed for your house and installed in accordance with approved engineering standards.

Insulation should also be installed ac-

Heavy black line indicates proper insulation.

cording to recommended standards. When an average six-room house is properly insulated at the time of construction, it will add less than 1% to the total cost. Good insulation will not only repay this investment in less than 4 years by cutting heat loss, but will add greatly to your comfort. And in the summer your home will be cooler, too.

With electric heat, you can pick the type of heat you want for your new home.

There are 5 basic types of flameless electric heating equipment. Depending on your heating requirements, one system can be used separately, or several may be teamed together.

If space is at a premium, or you want room-by-room temperature control, electric baseboard units or ceiling cable probably will work best.

The electric heat pump either heats or cools, depending on the outside temperature.

Electric central heating systems which use electrically-heated warm air or electrically-heated hot water are available in a variety of types to fit any need. They can be combined with electric central air-conditioning systems to provide year-round comfort.

Electric wall panel heaters provide radiant heat and are best suited for bath and dressing rooms or other areas where space is limited.

What about the cost of electric heat?

All things considered, electric heat will probably cost you somewhat more than gas heat. For example, you should expect to spend about \$200 per year for electric heat in a properly insulated six-room house—or about \$60 more than gas heat. This does not take into account maintenance and decorating savings with electric heat.

However, electric heat rates have steadily declined. Since 1958, Commonwealth Edison has reduced electric heat

rates more than 50% and still further reductions are expected for the future.

Electric Heat is designed to outlast your mortgage (even if it's for 30 years).

After 15 years of operation, during which you would have little, if any, maintenance, look what has happened to your friend with gas heat. During this same 15 years, chances are he will have replaced his furnace (at \$300)—paid out another \$40 to run the pilot light 15 summers, and paid an additional \$225 for furnace cleaning, maintenance, and a big supply of filters.

Electric heat's great for growing families, too.

How many of your friends have outgrown their homes a few short years after they bought them? They plan to add a room or two, and come face-to-face with the old bugaboo—heating the new area.

With gas, frequently they must buy a new and bigger furnace or settle for less-than-satisfactory space heaters. Not so with electric heat. You add as much heating capacity as you need to your new wing almost as simply and inexpensively as adding new wiring.

That's the story!

Anyone about to spend the money a house costs these days ought to know he's spending his money wisely.

We happen to think that your heating dollar will be far better invested in modern electric heat, and we've tried to show you why.
